You will see from the attached exchange that I have requested comment by the Chief of Station, [REDACTED] on portions of [REDACTED] letter of 11 March which also dealt with the question of C-130 airlift you will recall. I had no wicked purpose in running this down, yet I did want to establish some sort of veracity index as far as [REDACTED] was concerned, since he has apparently taken an unusual interest in IDEALIST business. Your comments on [REDACTED] message would be appreciated.
